Dear Parents

Year 8 Design Technology Contribution

I hope that your son/daughter has been enjoying Design Technology this term by manufacturing high quality keyrings and pendants. Year 8 students have been developing their skills in computer aided design and manufacture (CAD/CAM), and combining these skills with metal pewter casting to create an individual and high quality professional looking product.

After Christmas, we will begin exploring other aspects of Design Technology by developing upon prior learning in textiles to tackle themes of sustainability and using materials responsibly. We encourage our students to take pride in all their technology work including their practical making. Therefore, we require a small contribution of £4 to help continue to provide high quality tools and materials, which can be used to make final products. Your son/daughter will be excited to make a pendant and bag they are proud to take home to keep.

Please make your £4 contribution by Friday 15th December via ParentPay. If you use PayPoint, please contact Miss Green on 01473-466157 so a barcode may be created for your payment.

If you have any questions about making the payment or about your child's study of Design Technology then please feel free to contact me.

Yours sincerely

Mrs A Brown
Associate Team Leader of Design Technology
